Reserve was almost wiped out of exist-ence. Hardly a house remains standing and wreckage is strewn everywhere. The whole populace is homeless and great confusion prevails. Forty-four buildings in Reserve alone were razed. The barns and sheds of all the farmers living in the track of the storm were destroyed. The destruction came upon the villagers with scarcely any warning to them. It was shaped like an umbrella and came from the nouthwest. The people fled precipitately to their cyclone cellars, but many never reached them. The confusion was indescribable. Darkness added to the crash of falling timbers, the cries of the burt and the almost deafening hiss and roor of the wind struck terror to the hearts of all. After the storm had passed those fortunate enough to escape its ravages set about helping the victims. All night long the people searched for the wounded and missing, and lanterns could be seen darting here and

WOULD-BE JAILBREAKER FOILED. Had Sawed Off Three Bars and Was

Working on the Fourth. An unsuccessful attempt to break out of the county jail was made last night shortly before 12 o'clock by George Shelby, a prisoner serving a sentence of thirty days for vagrancy. Yesterday murning Jailor George Shand made a tour of inspection of the outside of the jail and discovered that two iron bars covering a window in the basement had been tampered with. Upon close inspection he found they had been sawed entirely through, and that the work had been partially concealed by a coating of lamp black and oil. Suspicion at once rested upon Shelby, who has been working in the boiler room as a fireman. He has been in the habit of sleeping in the basement in order to keep up the fires and the night previous had been very busy until a late hour in making certain repairs to the plant, at least he stated to Mr. Shand when questioned. Yesterday noon Shelby requested to see the jailor and asked that certain papers which had been taken from him upon enter-

ing the Jail. May 11, be returned. The papers In question were recommendations from various railroads stating he was a competent fireman. Shelby said he wanted to them to relatives living in Iowa. The pacoup'e of friends of Jailor Shand kept watch outside of the jail near a stairway leading up from the boiler room, until 11:30. Nothing occurred and the watchmen were about Trains on the Quincy, Omaha & giving up their vigit when one of them petished. would give him his liberty.

He gave up without struggling and handed over to Lind a small saw with which the work had been accomplished. It was found to have been one of the tools laft behind by a former fireman who had tossed it onto a rner as worthless. Shelby had carefully refiled it until it was apparently as good as new. Upon further research it was found that one of the heavy locks guarding the door leading out of the basement had been picked, but that when Sheiby found there was another on the outside of the door beyond reach he had abandoned this method of escape. Shelby was taken to an upper floor and locked in a cell by himself.

Ryan shoved the referce aside, caught Dunfee about the neck with his right, pulled him off the ropes and uppercut him. Ryan then jumped and landed equarely on the jaw and Dunfee dropped like

HOSTON, May 18 .- Newton Street armory was crowded tonight with sporting men to witness two fifteen-round bouts arranged by the Suffolk Athletic club. Both bouts were disappointing, as the match between Mike Sears of Boston and Sam Kelly of New York was stopped by Captain Foster at the beginning of the tenth round in order to pre vent a finish and the event of the evening between Kid McCoy and "Mysterious Billy" Smith was stopped by Referee Daly in the sixth and awarded to McCoy on a foul break by Smith. McCoy weighed in at 157 and Smith at 152. It had been agreed that Referee Daly could give a decision at any time. It was announced that if McCoy won he would claim the middleweight championship and defend it.

Smith soon opened the first with a bard rush, which McCoy took coolly and gave Smith a hot mixup at the call of time.

Smith continued his wild rushes in the second and third, and then forcing McCoy to the ropes got hard counters on most of his rushes and failed to land most of the Victors blows he started. Smith opened the fourth with a rush and

clinch, and broke from the clinch by almost a foul. The round closed for Smith by a heavy blow on McCoy's neck, and Referee Daly warned Smith to break cleanly. In the fifth Smith landed a right on the

neck, followed by frequent mixes which required the prompt action of the referee. Smith missed a third attempt for the face and received a hard counter. Smith rushed McCoy to the ropes, after receiving a stiff uppercut, and while clinching indulged in what looked suspiciously like the use of his teeth on McCoy's neck.

The sixth opened with another rush by Smith, a series of uppercuts by McCoy and McCoy gave his man hot treatment with both hands in a long arm mixup. Smith closed the round by breaking foul for the third time during the bout, and Referee Daly, after repeated warnings, gave the match to McCoy on the foul break.

Resolved, The delegates in condemnation meeting assembled denounce the unwarranted interference of the said McKinley lobby with the affairs of the order and denounce the cowardly denial by McKinley of his endorsement of the principles of the order given by him to our committee, and, Resolved, That because of his record as reported by the national advisory board, we herewith pledge ourselves to, by our influence and efforts, accomplish his defeat.
